

MOUNT KELVIN

TRAVEL GUIDE

From urban hideaways to chic city hotels.

These are some of the locations where hospitality vanguards trust Mount Kelvin to bring their guest experience to the next level with cutting-edge control, automation, and management for guest rooms.

They're not only luxurious, but also at the frontier of hospitality technology, offering you the ultimate in comfort and convenience

Browse the guide and find your next unforgettable stay.

SCANDIC HELSINKI HUB

Unique loft-style rooms, inspirational event, conference, and coworking spaces, as well as a trattoria and bars. Scandic has transformed a 1920s printing house into a showcase of modern Nordic hospitality.

Scandic Helsinki Hub, located at the crossroads of downtown and south region of the Finnish capital, features **352** guest rooms that are completely equipped with smart room controls and automation. The hotel is also one of the first to be awarded the Nordic Swan Ecolabel for hotels.

SCANDIC HAMBURGER BÖRS

Iconic Hamburger Börs has been hosting guests since 1894 and enjoys a top location, right in the centre of Turku by the famous market square. This elegantly refurbished hotel provides unforgettable hotel experiences in a modern setting.

After a comprehensive reconstruction project that started in 2019, Börs has opened its doors once again with a set **272** guest rooms that grant you the perfect location for exploring Turku's various historical attractions.

SCANDIC PASILA

Scandic Pasila, a brand new establishment in between the massive central park of Helsinki and Nordic's biggest shopping center Tripla, is a business traveller's go to choice. A total of **178** guest rooms offer an unmatched access to best sides in the Finnish capital.

This hotel was also one of the first Scandic locations to offer affordable, safe, and comfortable student housing in their location. Breakfast buffet, cleaning service, free wifi, magical room controls... That's a recipe for straight A's.

SCANDIC EDEN NOKIA

Scandic Eden Nokia is a great choice especially for family vacations, where you want to relax and have access to versatile spa services.

The 1 500 square meter spa offers versatile jacuzzis and swimming pools, water slide, outdoor pool and fully refurbished sauna and shower facilities. The popular spa hotel is now also better than ever with **115** refurbished rooms that give your spa holiday the perfect setting.

CROWNE PLAZA HELSINKI

Awarded as Finland's Leading Business Hotel 2021, the crown(e) of Töölö has been revamped and re-opened, and we had the pleasure to be a part of it. An extension of **112** rooms is completely equipped with Mount Kelvin guest room controls, automation, and management.

Fun fact: this legendary hotel's nightclub has acted as a venue for numerous artists, such as Abba and James Brown and the suite has accompanied guests like Frank Zappa and Elizabeth Taylor.

SOLO SOKOS HOTEL TORNI

Solo Sokos Hotel Torni has gone through the largest renovation since the opening of the hotel in 1931. The guest rooms express a sense of serene and bohemian luxury. Some have stunning views over Helsinki, while others include exquisite tiled stoves.

The legendary hotel in the middle of Helsinki skyline conceals **154** guest rooms, high-quality service, top-class restaurants and the atmosphere of a boutique hotel at a walking distance from everything.

SOLO SOKOS HOTEL LAHDEN SEURAHUONE

Solo Sokos Hotel Lahden Seurahuone includes two sides – the main part and the loft house. Loft house is an extension with a lavish combination of **50** design guest rooms, interior gardens, and lounge areas – something that has never been seen in Finland before.

Spacious rooms go up to the height of a whopping seven meters at most. Fifteen of them are two-storied and all of them are equipped with state-of-the-art room controls and automation.

ORIGINAL SOKOS HOTEL VAAKUNA KOUVOLA

The renovation of Vaakuna hotel in Kouvola kept the popping outside appearance of the building recognizable, but the pink walls now hide a completely renewed hospitality experience.

The **170** elegant yet modern rooms have drawn inspiration from the local area. Pentik rooms honor the Finnish design by Anu Pentik, Repovesi rooms bring the nature of the famous national park indoors, and Tykkimäki rooms enclose a silhouette of the popular endeavour ride.

ORIGINAL SOKOS HOTEL LAPPEE

Saimaa is the largest, and arguably the most beautiful lake in Finland, the land of a thousand lakes. The city of Lappeenranta provides both domestic and international travelers with authentic Finnish hospitality.

Original Sokos Hotel Lappee includes **135** guest rooms fully equipped with modern room controls and automation that enhances the guest experience. The hotel has achieved both Green Key and Sustainable Travel Finland labels.

ORIGINAL SOKOS HOTEL SEURAHUONE SAVONLINNA

Original Sokos Hotel Seurahuone Savonlinna provides access to both Lake Saimaa and the vivid cultural life of Savonlinna. The annual opera festival inside a medieval castle is something you can't experience anywhere else.

Seurahuone Savonlinna provides visitors with unforgettable views over the lake and proper technology for modern guest experiences. A wing of **32** rooms is running Mount Kelvin for their guest room control, automation, and management.

RADISSON BLU ROYAL HOTEL, HELSINKI

A luminous presence in the Kamppi district of Helsinki, the Radisson Blu Royal Hotel was chosen as Finland's leading business hotel in 2020.

Originally opened in 1991, the hotel went through a refurbishment and now all of the **262** rooms have been equipped with an outstanding lighting design and convenient control. Since the reopening, the hotel has also been rated the fourth-best in the world in terms of service level in the internal measurement of 337 Radisson Blu hotels.

LAPLAND HOTELS BULEVARDI

Lapland Hotels combines luxury with fresh ingredients from the North with a concept that is instantly recognizable from the reindeer horns and the beautiful lighting design surrounding them.

By playing with elements like the northern lights, the mystical heritage, and the great wilderness of Lapland, the brand creates a unique story for each hotel. In Lapland Hotels Bulevardi, right in the heart of Helsinki, you can enjoy **182** guest rooms and some of them even include a private sauna for some truly Nordic rest and recreation.

LAPLAND HOTELS ARENA

Lapland Hotels Arena is the newest Lapland Hotels location that is fully equipped with Mount Kelvin. The hotel consists of **273** rooms located in the heart of the Nokia Arena at Tampere, Finland.

The relaxed style and the rugged elegance of the hotel draws inspiration from the Arctic stone and birch tree forests decorated by the frost, but it really stands out because of the rooms with balconies. They offer a breathtaking view of the world-class concerts and sporting events that happen in the arena around the year.

VALO HOTEL & WORK

VALO (Light in Finnish) consists of **422** rooms, all of which function for both accommodation and work. In addition, the hotel has a restaurant and a lounge bar, as well as one-of-a-kind wellness and sauna area on the 7th-floor rooftop terrace.

VALO's philosophy is to provide a full experience that is catered according to each visitor's unique needs. The innovative concept has received a warm welcome from businesses and digital nomads, who have found a new hotspot from the comfort of VALO rooms.

HOTEL U14, MARRIOTT AUTOGRAPH COLLECTION

Hotel U14 is a family owned boutique hotel, which is also Marriott International's first Autograph Collection Hotel in the Nordics. With only few steps away from the Market Square of Helsinki they serve both business and pleasure travelers with the most upscale hotel amenities in town.

The hotel accommodates a total of **117** guest rooms, pleasant meeting rooms, a high quality and joyful restaurant, and a distinctive cocktail bar.

BOB W. HELSINKI

Bob W. is the mythical globetrotter who calls nowhere his home but is at ease anywhere. We're helping him build autonomous hospitality technology and give every guest a local, contactless, five-star experience at scale.

Bob's **17** short-stay apartments in Helsinki city centre and Punavuori design district offer the neighbourhood-inspired interior design, local snacks, trendy amenities, and climate-neutral stays powered by 100 % renewable energy.

BOUTIQUE HOTEL VILLA VELLAMO

Villa Vellamo is the pearl of Lehmonkärki, located at a scenic location on top of a hill. The windows offer a panoramic view over Lake Päijänne and instant access to a piece of the most beautiful nature.

The resort includes stylish and high-quality meeting and accommodation facilities, a kitchen that offers flavours made from local ingredients and, above all, individual and first-class service. Clean waters, beautiful nature and pure silence come as bonuses.

CUBER SUITES

Cuber Suites combines the service of the design hotel with the freedom of your own home. These innovative suites have been designed to let you experience the Dutch nature at it's fullest.

All of the outdoor suites have been equipped with Mount Kelvin room controls. The same controls can also be found from the Cuber app, which gives the guests full autonomy of their stay with access to local guides, who are always ready to make sure the stay is a success.

“I’m really happy with the system. The software is even better than I imagined and I especially like the welcome scene, when the lights go automatically on with a set delay. It’s also about all the possibilities and how the system continually improving. And working with the templates is a pleasure!”

Edwin Smaal, co-founder at Cuber Suites

“We planned the project in collaboration with a team of professionals from Mount Kelvin, who made several concrete recommendations that added real value for our customers. Their delivery was seamless and professional. I believe they are the future of lighting control in the hospitality industry.”

Bjarne Nikkilä, project manager at Lapland Hotels

“Choosing and designing a guest room management system can be tricky because of the endless amount of stakeholders involved. Mount Kelvin managed to keep the designers and contractors in close contact throughout the different phases of the project, which made the whole process very effortless for us, the operator.”

Marika Haavisto, general manager at Solo Sokos Hotels Lahden Seurahuone

“We spend a lot of time finding the most advanced solutions that have been proven to work and fill the requirements of our concept. Mount Kelvin is an innovative and comprehensive solution that’s tailored to hospitality perfectionists like ourselves.”

Teemu Saari, chief business development officer at VALO Hotel & Work
